- √ PTC Events Mar/April McTeacher Night 3/6 Trivia Night: 4/14

## In other buzz-worthy news:

#### **Cursive Writing:**

We have learned to use cursive in most of our daily activities. The only time we are not using it, (it is NOT required, but some choose to) is on our spelling/ reading tests. We will continue with our poetry cursive journals this month as well!

### **ISAT Practice Update**

We have been focusing on writing responses to extended math questions. These are definitely more challenging than reading responses, but we are trying our best. We are also tackling solid/geometric shapes, deconstructing shapes, and symmetry this

**Math:** Multiplication is going

very well! We realize that we need to memorize fewer and fewer facts each week! We are working so hard! We will complete our multiplication unit this week and begin geometry this week. This unit will include types of lines, rays, segments, angles, and solid/geometric shapes. Don't worry-we will continue mastering our multiplication facts throughout the rest of the school year.

#### English/Writing:

We will continue our study of "traits of good writers." We will also write persuasive essays, tall tales, fantasies, poems, and finally—extended responses to accompany our approaching ISAT tests! Our "skittle writing" is FANTASTIC! We are working on adding connections to our writing!! I'm so proud of our third graders!
