In other buzz-worthy news:

Science:

We will continue our animal studies this week with another fish guts lab and a “types of eaters” menu for a restaurant. This is always a fun and engaging unit!

Math:

We will focus on multi-step word problems for the remainder of the school year. Multiplication and division skills are still very important. We will begin a new incentive for the remaining days of third grade in which students may earn an ice cream or nacho party for mastering their facts—or earning a pizza party by going

“beyond the facts” (square roots, squared #s, decimals to fractions, etc.) Best wishes, third grade students!

English/Writing:

It’s time for Poetry!!!! This week, we will continue to learn about the various forms of figurative language, as well as create our own poetry!
