This week's story is titled, "A Storm in the Night." It is about a young boy and his grandfather and the stories that take place when a storm makes them lose power throughout the night. Too early to go to bed, and with only flashes of lightning to see by, Thomas and his grandfather happily find themselves re-discovering the half-forgotten scents and sounds of their world, and having a wonderful time learning important, new things about each other in a spirited conversation sparked by darkness. I hope you enjoy reading this incredibly descriptive story with your child! :D

In other buzz-worthy news:

Cursive Writing:

Cursive has become a part of our FULL day at school. We have noticed that our fingers get very sore after writing all morning. If you notice your child's fingers are sore, please remind him/her to use a lighter grip when holding a pen/

pencil. :-). This will also help with forming letters and having a neater finished product.

Social Studies / Science

After completing our unit on the Classification of Vertebrates, we will discuss endangered/extinct animals, the water cycle, natural resources, and reduce-reuse-recycle! Monday, we will blast off into Space!

Math:

Division has been going smoothly! I'm so proud of our progress this year. We will spend a few days on a division story called "The Doorbell Rang!" We will also take a crash course in 3rd grade math review! We will be reviewing regrouping, adding and subtracting 3-4 digit numbers and rounding.

English/Writing:

We will continue our poetry unit this week. After learning about 9 types of poetry, we will practice, and finally create our own poetry books! This is always such a fun project for Spring!
